I was so excited to take the תּוֹרָה out of the אָרוֹן. When I first picked it up I grabbed it by its two _____. There was a _____ wrapped around it so it wouldn't open accidentally. It was also wearing a _____ to protect it.

I didn't realize how heavy it would be while it still had its _____ on top. Once I took the _____ off it was much lighter. I placed it on the עַמּוּד and took the _____ off so I could see the _____ underneath. I unlatched the _____ and took that off also. Then I unrolled the תּוֹרָה holding the _____. I remembered that I shouldn't touch the letters with my hands so I picked up the _____ and used that to point at the words. I found a word I knew and showed my friend using the _____.

After exploring a little bit more, I held the _____ and rolled the תּוֹרָה together again. I put the _____ around it and dressed it in its _____. I picked up the תּוֹרָה and had my friend put the _____ on top. Finally, I put the תּוֹרָה back in the אָרוֹן and closed the doors. It's pretty cool to be able to dress and undress the תּוֹרָה all by myself. Even cooler to know what all the different parts of the Torah's outfit are.
